

# FIGHT PATHOGENS WITH EVERY FIBER

Our Privacy Curtains are made with BioSmart®, a patented antimicrobial Fabric technology. Each wash with bleach binds chlorine to protect fabric for up to 12 weeks.\*

Isn't it time for curtains that provide more than just "privacy"?

We think so...

Our Privacy Curtains are a smarter solution for your facility and your patients.

## Protect your patients and staff

Our curtains offer a 3 log kill (99.9%) against bacteria and viruses\*

Change your curtains less by using our HOCl spray guns and tablets to "re-charge" our curtains

Save on labor and cleaning charges!

\*- Ask us for details

Studies show traditional privacy curtains can become contaminated with pathogens within 2 weeks. That's why it's time for curtains that are made for fast changes and easy laundering.

Designed to be removed and replaced in less than a minute without a ladder. Our Privacy Curtains can contribute to a safer environment for patients, providers and visitors.

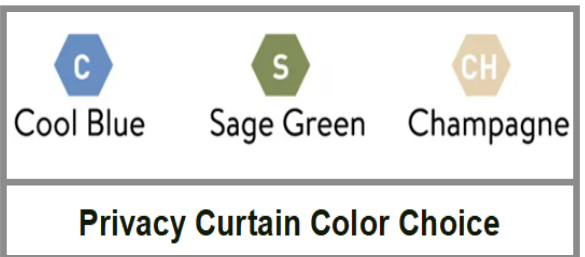

Tested to 75 washes, so they'll last!

**Please use the chart below** to determine curtain dimensions with each additional panel and mesh top. The segments easily connect by overlapping the ends onto a single hook. The privacy panel size is a standard size of 72"x64". The mesh is available in three sizes (S, M, and L) to accommodate 8', 9', or 10' ceiling heights and to maintain a standard 12" floor clearance when hung from the ceiling track with a 2" drop.

	<b>8 ft (96") Ceiling Panel + Small Mesh</b>	<b>9ft (108") Ceiling Panel + Medium Mesh</b>	<b>10ft (120") Ceiling Panel + Large Mesh</b>
<b>1 Panel + Mesh</b>	82" x 72"	94" x 72"	106" x 72"
<b>2 Panel + Mesh</b>	82" x 142"	94" x 142"	106" x 142"
<b>3 Panel + Mesh</b>	82" x 212"	94" x 212"	106" x 212"
<b>4 Panel + Mesh</b>	82" x 282"	94" x 282"	106" x 282"
